MILANO

ATELIER

C&C Milano ed Elena Borghi vi portano a scoprire i segreti dell'atelier d'artista. Una collezione disegnata ad acquarello, quella di Atelier che delinea uno stile delicato ma a tinte brillanti con pattern dallo squisito gusto imperfetto. C&C Milano studia un total look per la casa declinando le stampe dell'artista e architetto Elena Borghi in coloratissimi tessuti in lino perfetti per tendaggi leggeri, cuscini decorativi, sofisticate carte da parati e wallcovering, esclusivo lounge wear. L'ispirazione alla base della poetica di Elena sono i paesaggi e le nature morte dai colori decisi ma armonici, vitali e sensuali della pittrice Vanessa Bell. Dalla collaborazione con C&C Milano sono nate quattro fantasie interpretate in altrettante varianti colore: mattone, verde, petrolio e antracite. Micro, Nina e Vanessa sono fantasie astratte, in cui è il tratto del pennello e l'equilibrio tra gli elementi compositivi il vero protagonista mentre Margot è un delicato pattern floreale che incarna a pieno l'estetica della semplicità armonica, cara all'artista. C&C Milano vi invita ad entrare in un mondo a tinte brillanti in cui leggiadri pattern avvolgono tutte le superfici. I disegni della collezione Atelier sono accompagnati dalla riedizione di alcuni iconici disegni stampati C&C Milano, Ombrellino e Stampino che si vestono di nuove coloratissime tinte, sia su tessuto 100% lino in altezza singola (Ombrellino 2.0 e Stampino 2.0) che su carta da parati (Ombrellino). La Maison presenta anche Conte, pesante raso in puro lino, per imbottiti e lussuosi tendaggi: un tessuto fondamentale e indispensabile in 33 varianti di colore.

C&C Milano and Elena Borghi take you on a journey to discover the secrets of the artist's atelier.

The Atelier Collection, created in watercolor, captures a delicate style offset in bright hues. The resulting patterns have a hand applied effect that is perfectly expressed by this painting technique.

By printing on varying weights of linen fabrics; light sheers, decorative cushions, sophisticated wallpapers and wallcoverings, together with an exclusive line of lounge wear, C&C Milano translated these designs into a total look for the home. The inspiration behind Elena's artistry are geometric motifs. Natural elements are translated into quick and nuanced brushstrokes. Still life compositions with strong, harmonious but vital and sensual colours; a nod to the painter Vanessa Bell.

The collaboration with C&C Milano resulted in four patterns interpreted in as many colour options: terracotta, green, petroleum and anthracite.

Micro, Nina and Vanessa are abstract designs, where the stroke of the brush and the balance between the compositional elements are emphasized. Margot is a delicate botanical pattern that fully embodies the aesthetics of harmonic simplicity, dear to the artist.

C&C Milano invite you to enter a world of brilliant colours in which graceful patterns envelop all surfaces with harmony and motion.

The Atelier collection contains reissued designs, Ombrellino and Stampino. Back by popular demand these prints have been developed in new hues, available on 100% linen fabric in single width (Ombrellino 2.0 and Stampino 2.0) and on wallpaper (Ombrellino).

C&C Milano presents Conte, a heavy satin in pure linen, suitable for upholstery and luxurious curtains. Conte is a welcome addition to our core linen range, a new finish in 33 colour variations, balancing the texture collection.
